In ORR, I discussed with [REDACTED], our EIC program and the course for OSI analysts. [REDACTED] said that he would like to attend the periods when the trainees from ORR give their area reports, and I told him that he and any other persons from that office would be welcome. [REDACTED] and [REDACTED] joined a talk which I was having with [REDACTED] in OCI. [REDACTED] said that he would like to see a number of the people in his office utilized as lecturers in our courses. I am going to send him a list of some of the subjects which we invite speakers to talk on, and he offered to suggest some additional people we could ask.
